

WEEKLY REPUBLICAN—1907  
DAILY PUBLIC LEDGER—1899

MAYSVILLE, KY., WEDNESDAY, OCTOBER 2, 1912.

ONE COPY—ONE CENT.

**THE INFALLIBLE SYSTEM.**  
Ladies all, your course is plain,  
If a spouse you wish to gain,  
Whether you are fair or not  
You can change your single lot;  
You need neither wit nor self—  
Let him talk about himself.

Some folks say, "Oh, feed the brute."  
Others say, "Be pert and cute;  
Laughing at his jokes in glee  
Is another recipe."  
Put those methods on the shelf—  
Let him talk about himself.

Get him in a corner where  
You can draw him out for fair,  
Then with wondering, downcast eyes,  
Tell him he is great and wise,  
Worthy of much fame and self—  
Let him talk about himself.

Thus with great men and with small,  
They will smile and swell and—fall,  
Snared like any foolish bird,  
As you hang on every word.  
So, to land him on the shelf—  
Let him talk about himself.

—Berton Bralley.

Miss Mary True, one of Dover's good women  
was reported in a dying condition last night.

"A petition may be found at Taylor's in  
Washington, asking a vote in the county on  
the whole question. The way to put down  
lawlessness is to put down its instigator." T.

## In the Market For a WHEAT DRILL

Then Our "New Peoria" Is What You Want

It has perfect working discs, fitted with dust proof chilled  
bearings, single draw bars that will not gather trash, staggered  
spoke wheels with 7-inch hub and 3-inch tires, continuous rear  
bar with truss rod to support seat and keep drill from sagging,  
direct pressure in rear of disc; a feature we claim will make  
this drill work perfectly in any land suitable for sowing grain  
and where other drills cannot be operated. A seat in center  
of drill convenient to lever is also furnished. Drop in and let  
us show you what this drill can do, and furnish you with the  
names of a score of satisfied users. One feature of our drill  
that puts it in a class by itself and makes it superior to all  
other drills on the market is the "Peoria Disc Shoe." You  
won't find the disc shoe on any other press drill on earth, the  
Peoria people have that feature cinched and they are going to  
hang on to it. If you want to know why we can grow more  
wheat to the acre after this drill than any other with the same  
amount of grain sown, come in and let us explain to you the  
"New Peoria Disc Shoe Drill."

## TAILORED SUIT!

It is with renewed interest that every American woman looks forward to the tailor-mades each sea-  
son. It is the one thing which you feel you simply cannot do without. This season you will see many  
delightfully new and attractive departures in the tailor-mades which will, without doubt, instantly appeal to you.

## "FINGER-TIP" LENGTH SUIT COAT

For several seasons past short coat suits have held full sway—but this fall we enthusiastically welcome back  
the becoming "finger-tip" length, one which gives the coat graceful lines, the one which becomes any figure.  
The whole effect of the fall tailor-mades are long, graceful lines. Moderated cutaways and flowing collars  
emphasize the long lines on the fronts of these coats, shirred and belted backs, suggesting the Empire effect  
carry out further the edict of fashion. LONG, SLENDER LINES.

W. H. Taft.

J. S. Sherman.

REPUBLICAN TICKET.

FOR PRESIDENT,  
WILLIAM HOWARD TAFT.

FOR VICE PRESIDENT,  
JAMES S. SHERMAN.

FOR CONGRESS,  
HON. HARRY BAILEY.

Investors do not invest when business is paralyzed. Protection keeps money moving; Free-Trade checks its employing agency.

Judge J. McKenzie Moss, judge of the Eleventh Judicial district, a leader of the Roosevelt forces in the pre-convention days, and a power among Republicans, has announced that he would support Taft and the regular Republican nominees. He will carry with him a large following.

AND THERE WERE NO CLOTHES.

One of the marvelous productions of the Democratic National Committee is a "High Tariff Primer." It is supposed to teach the unintelligent the wicked ways of a Protective Tariff. Here is a sample:

A stands for Adam.  
He did not have to pay a Tariff on Apples.  
Or a Tariff on clothes.  
The high cost of living never worried Adam.  
There was no High Tariff in Eden.  
There were no Tariff-fostered Trusts.  
Luck-y Eden!  
Luck-y Adam!

No, in the Garden of Eden there was no Tariff on clothes. Also, there were no clothes to pay a Tariff on. Our Democratic friends seem to have forgotten that fact.

And they might remember that in the United States of America, where the Tariff does exist, there are plenty of clothes and because of the Protective Tariff men are employed in great numbers in manufacturing them and are paid wages sufficient to keep themselves well clad.—Philadelphia Inquirer.

WILSON'S LABOR VIEWS.

The Labor World of Pittsburgh says editorially: "Governor Wilson has made it an easy task for anyone to prove that he is no friend of the wage earner. It is regarded as more than proof of evidence that his theories and position are those now held by the very bitterest enemies of organized labor—in fact, labor of any kind. His own declarations prove this peradventure of a doubt. We need only quote his own words to prove his theories. These declarations on his part conclusively show that not a wage worker in the country should vote for Woodrow Wilson to become President of the United States. There is no class of citizens throughout the nation that should be more interested in the election of a president of the country than the working class. They are the bone and sinew of the country, and its general progress and the uplift of the people entirely depend on the manner in which their rights, comfort and general well-being are attended to by the lawmakers of the land. The President of the country has much to do with the policy of the government and the laws that emanate from Congress. There is a vast power in the hands of the President which he can wield for the weal or woe of the masses.

THE TARIFF BOGEY-MAN.

To the Chamber full of "Horrors"  
The toiler made his way;  
He saw brass beds, and rugs and mats—  
'Twas such a fine array!  
Saw furniture of ev'ry kind  
And lamps with fancy domes.  
'I think I'm wasting time," said he,  
'I've stuff like this at home."  
"You may have such things in your flat,"  
The Wilson showman said,  
'But don't you know that you are robbed  
A dollar on your bed?  
Just read those tags, you victims of  
The Tariff lords' device!"  
'Oh! what's the odds?" says toiler man,  
'When you have got the price?"  
'Suppose I could get two brass beds  
For what I pay for one,  
I'd have to sleep upon the floor  
If I could earn no more.  
Things are not cheap when you've no coin.  
You get that, I suppose?  
No Tariff 'horrors' can scare me  
With a big roll in my clothes!"  
TOM W. JACKSON, in New York Press.

T. R. was for Protection so long as the Republican party was for him, and now he doesn't know which side of the Tariff he is on.

Turnabout's fair play. But it's hardly probable that Colonel Roosevelt will dine with Booker Washington while down South.

Four years, of Democratic soup-house times will rust the bolts all out of "progressive" Republicans and clear up their systems for party unity and a return to Republican prosperity under a restored and fairly laid Tariff.

The farmers who read Governor Wilson's statement that the Tariff is to blame for the high cost of living, and that they are the principal sufferers, are not likely to take much stock in it. They know that they get more now for what they raise than ever before, and that they are better off now than they ever were.

'I've lived a hundred years," he said  
In trembling tones and thin.  
'And chewed tobacco all my life"—  
The juice ran down his chin.  
'I've drunk strong liquor right along,  
And see, how spry I be!"  
'Twas in the County Poorhouse that  
His boast was made to me.

The Texas Sneeds and Boyces are something on the order of the Kilkenny Cats.

Political Pickings

Houston Post: The Colonel declares he is the naked isue. He is scarcely that, but he would be if it were necessary to secure the attention he craves.

New York Evening Sun: And T. R. is the ambidextrous home-wrecker who not only wants to elope with the lady, but with her husband as well.

Detroit Free-Press: We must say for him, however, that keeping still is the only thing Governor Osborn does becomingly and well.

Omaha Bee: It must make James J. Hill smile every time he thinks of Moses E. Clapp being a Bull Mooser.

Pittsburgh Dispatch: Down in Peru their idea of what to do with one ex-President is to put him in jail.

"A belligerent and bombastic bull mooser who despises peace and appeals to prejudices and passions and plays with fire," was Warren G. Harding's characterization of Colonel Roosevelt at the campaign opening at Columbus.

IGNORAMUSES.

William Rotherford Watts, a tariff expert of Kansas City, said in a recent address:  
'The average tariff argument is amusing in its ignorance. It reminds me of a Certain Kansas City police court.  
'A policeman arose in this court to testify against a prisoner.  
'"Wot's this here feller charged with?" the Magistrate demanded.  
'"Bigotry, Judge," the policeman answered. "He's got three wives."  
'"Three!" cried the Magistrate. "Why, you ignoramus, that ain't bigotry. That's trigonometry!"

OLD FARM FOR SALE

The 23d Day of November,

At 2 o'clock p.m., we will offer for sale to the highest bidder the old Lloyd farm of

256 Acres

On the Salem Turnpike, one and a half miles Southeast of Germantown, in Mason county. This farm has been in continuous possession of the Lloyd family since 1832. It has had careful management, has always been a famous tobacco farm and is now in a high state of cultivation. This farm can be divided to advantage and will be offered for sale in parcels and as a whole. There is a good two-story dwelling, a tenant house, all necessary outbuildings, barn room for 25,000 pounds of tobacco, a never-failing and well-distributed supply of stock water, and fencing in good condition. The place is one and a half miles from churches and schools on a good turnpike that leads to the stable door. This farm pays a good percent, farmed on the tenant system and is desirable either as an investment or as a home. For further information apply to Dan H. Lloyd, Germantown, Ky.

EVAN LLOYD'S HEIRS.

Frequent interruptions attended Colonel Roosevelt's appearance at Knoxville. The Colonel criticized Governor Hooper and Senator Sanders Republicans.

Colonel E. F. Clay of Bourbon county, former Kentucky Racing Commissioner, has decided to give up farming and raising fine horses and will retire, locating in Easton, Fla.

The Bankers Should Help

The Kentucky Bankers' Association will begin its annual meeting in Louisville today. In the line of new business it will be asked to consider the question of assisting the campaign for better farming, in Kentucky and the matter is worthy of its attention.

FACTORY GIRL GIVES UP

Too Sick to Work—Doctor Advised Operation. Restored to Health by Lydia E. Pinkham's Compound.

Poughkeepsie, N. Y.—"I run a sewing machine in a large factory and got all run down. I had to give up work for I could not stand the pains in my back. The doctor said I needed an operation for female trouble but Lydia E. Pinkham's Vegetable Compound helped me more than the doctors did. I hope that every one who is suffering will get the Compound. My pains, nervousness and backache are gone and I have gained five pounds. I owe my thanks to your medicine for it is the working girls friend, and all women who suffer should write to you for special advice."—Miss TILLIE PLENZIG, 3 Jay St., Poughkeepsie, N. Y.

When a remedy has lived for over thirty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their very lives to it, is it not reasonable to believe that it is an article of great merit?

We challenge anyone to show any other one remedy for a special class of disease which has attained such an enormous demand and maintained it for so many years as has Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Grant's face will appear on the new \$10,000 greenbacks.

### WITNESS AFTER WITNESS IN MAYSVILLE

SUCH EVIDENCE OUR READERS CANNOT DISPUTE

As we take up THE LEDGER week by week, we are struck by the hearty, unmistakable way in which witness after witness speaks out as Mrs. McClelland does here. If these people were strangers living miles away, we might take little notice of them. But they are not. They are our neighbors, living among us. Their word is too easily proven to admit of any doubt. They speak out in the hope that their experience may be a guide to others.

Mrs. Annie McClelland, 541 West Second street, Mayville, Ky., says: "Doan's Kidney Pills did me a lot of good and I recommend them as doing just what is claimed for them. I was often dizzy and nervous and my head ached. I had pains in my back and my kidneys were weak. Doan's Kidney Pills stopped the complaint immediately and made me well and strong."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

### CHEAP DEMAGOGY

Editorial.

Hon. Garrett Wall, attorney for the Chesapeake & Ohio Railroad, in discussing the increase in valuation of the franchise of the public utilities corporations of Kentucky, on behalf of his road, expresses the opinion that the action of the State Board is "preposterous and amazing." This shows that he is eager to serve his employers and thus he is justified in asking a raise soon.—Winchester Democrat.

Will the days of the cheap demagogue never pass? Or has this party failed to get free transportation with dining car feed thrown in? Garrett Wall is a man of the South. True indeed he is employed by the great C. & O. Ry., to look after their interests and see that they are protected. Is this any reflection on Wall, or the railroad? Because the C. & O. is capitalized at millions of dollars is that any reason why they should not protect their property? Do not store keepers employ night watchmen to see that their goods are not carried away by burglars? When the county assessor comes around and assesses the farmer or other owners of property in a manner unsatisfactory, does Mr. Citizen submit quietly and without demurring?

No, he chases to a lawyer and is represented before the county board of equalization. That is exactly the course Mr. Wall is taking. The State Board of Valuation and Assessment is the assessor in this instance. Wall protects and takes it into the courts, in the railroad's instance, the final board of equalization.

The Leader is not attempting to say what taxes the C. & O., or any other railroad should pay into the Kentucky State treasury, but it does know that certain Eastern Kentucky politicians were mighty thick with Garrett Wall until they found themselves unable to boss him around and make him agree to "trip up" friends of a life time. Now they are trying to destroy his influence with his company. That they will fail goes without saying. Why shouldn't Wall look after his client's interest, and why shouldn't the officials treat him as they would any other gentleman?

### SCHOOL HYGIENE

(Paper read by Miss Margaret Murphy at Women's Club meeting.)

It is a trite saying that "the mind must have a sound body to be sound in," for the old idea of the scholars being "sickled o'er with the pale cast of thought," has no place in modern conceptions of the mutual relations of body and mind. To meet the heavy demands of life as it must be lived to day; there should be a strong physical basis, such as well toned muscles, thorough digestion and assimilation, capacious lungs, all contributing to the efficiency of a healthful brain; but, before this idea of adequate physical education can be effectively carried out we must get rid of indifference and conservatism, which seems not to be the way of higher institutions, but in the country where the greatest numbers are taught and wherefore the teaching should be as good as the best, there are grave difficulties in the way of adequate inspection of the physical conditions of the pupils, and of affording them professionally directed development and training.

Perhaps one nearest solution of these difficulties is the plan now in force in this county of centralizing educational appliances and forces and conveying pupils to a well equipped, well officered central school.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For many years doctors pronounced it a local disease and confined their remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Meanwhile the conscientious country teacher can do much to improve the physical condition and direct the physical training of their pupils by having such a practical knowledge of physiology and hygiene as to be able to detect abnormal conditions in their pupils and do much towards correcting such conditions by plain, specific lessons on bathing, eating, sleeping and exercising, and there should be the same intelligent and sympathetic supervision and direction of the play activities of the pupils as of their studies, and should be so directed as to bring into spontaneous and natural activity the muscles or the organs that most need development in individual cases.

We are all aware that the attainment and preservation of health are not the only aim of physical education; the body, as the temple of the soul, as the mind's instrument, should be made not only vigorously healthy, but also beautiful and graceful.

Games should be planned that will require not strength alone, but skill, also quickness of eye muscle, readiness and accuracy of judgment and memory.

The schoolhouse should represent at least the average taste and comfort of the community; but neither pictures, nor shrubbery, nor architectural appearance can take the place of cleanliness and neatness. No beauty of of adorning can offset the bad influence of dingy walls, curtains and maps hung awry; a dirty floor, covered with ink spots and strewn with litter; a rusty and foul stove, thus proving that neatness and order in work are closely allied to virtue in conduct.

And many of our outhouses are vile and shameful, an evil demanding prompt correction. Another physical condition worthy of consideration is proper heating and ventilation. School experience shows that pupils cannot do work quietly and successfully when suffering from cold or depressed by excessive heat.

Too high or too low a temperature causes restlessness, distracts attention and lessens application. Every school room should be regulated by a good thermometer which should be observed with care, for pure air promotes both physical and moral vigor; impure air lowers the energy of the body and enervates the will. It occasions such physical discomforts as dizziness, drowsiness, headache, nervousness, and causes pupils to be listless, restless and irritable and these unhappy effects are shared by the teacher.

It must suffice to say briefly that respiration exhausts the oxygen of the air and expels from the lungs with every breath carbonic acid gas, which with other exhaled impurities soon renders the air unfit to meet the vital needs of the body, and the evil effects named above follow. Thus the need of a flow of fresh air into the room and of a flow of impure or vitiated air from the room.

It is a matter of common observation that improved ventilation has made the discipline of schools easier. Another physical condition of easy discipline is the proper lighting of school rooms. It is now generally agreed that the windows of a school room should be at the left of the pupils and that pupils when seated should face a blank or dead wall, for the facing of windows often produce not only pain in the eyes and headache, but also a general nervous irritation not to mention possible injury to sight; a fact that has been touched upon in this month's Ladies' Home Journal.

As there are so many resulting ill, and the only feasible remedy is the making of provisions for frequent changes and physical exercises; for the school must not wait for the advent of some improved system. It is not difficult for any live teacher to devise exercises that will at least afford bodily relief and otherwise conduce to the health and comfort of pupils; and what is specially pertinent, prove a valuable aid in discipline.

Small matter for publication must be handed in before 9 o'clock a. m.

### CARDUI WORKED LIKE A CHARM

After Operation Failed to Help, Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly trouble," writes Mrs. J. S. Kendrick, in a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer.

I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die.

At last I tried Cardui, and began to improve, so I continued using it. Now, I am well, and can do my own work. I don't feel any pains.

Cardui worked like a charm." There must be merit in this purely vegetable, tonic remedy, for women—Cardui—for it has been in successful use for more than 50 years, for the treatment of womanly weakness and disease.

Please try it, for your troubles. N. B.—Write for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

## IT PAYS TO PAINT

Money Spent For Good Paint  
Will Add Hundreds of Dollars  
to the Market Value  
of Your Property

To refinish or redecorate your home, select a definite specialized product—to do just the work you want done—simply, easily, at the least expense. Pee-Gee Quality Paints, Stains, Enamels and Varnishes insure success in whatever finishing you undertake. Their undisputed superiority is a marvel to the user.

YOU WILL FIND BELOW JUST WHAT YOU NEED.

**House Exterior** Have it painted with MASTIC PAINT and secure a beautiful, hard, enamel-like surface of the greatest durability. Resists best the smoke and gases of the city. MASTIC WHITE is the very whitest house paint made. Don't experiment with cheaper paints or keg lead and oil, and be disappointed. Get MASTIC PAINT, "the kind that lasts." Made in 45 colors.

**Porch Floors and Steps** Pee-Gee PORCH PAINT is best for the purpose. Hardens quickly with high gloss. Stands wear and tear of walking on.

**Screen Doors and Windows** Should be painted with Pee-Gee SCREEN ENAMEL, both wire and frame. Will not fill the mesh. Saves your screens and your pocketbook.

**Barns, Stables, Outbuildings** Should be painted with our Pee-Gee BARN PAINT, red or green—white trimmings, make a pretty combination.

**Roofs** If tin, the Big Four Formula Metallic Paint gives the best and longest service at least cost. For shingles CREO-STAIN can be brushed or dipped. Soaks in and preserves the wood—doubles the life of the roof. Comes in 19 beautiful colors.

**Concrete Work** On cellar and porch floors and side walls, Pee-Gee PORT-LANITE (dull or gloss) prevents dampness, staining and disintegration. Adds greatly to the appearance of concrete.

**Interior Walls and Ceilings** Don't paper them—investigate Pee-Gee FLATKOAINT, or the velvet finish that is being widely used in place of paper. It's better, and lasts three times as long.

**Inside Floors** If the clear, natural grain of the wood has been preserved, use FIXALL VARNISH. Comes in light oak, dark oak, mahogany, cherry, walnut, etc. If your floors are badly worn, scuffed, stained or spotted, better use ADAMANT FLOOR PAINT. Dries hard overnight with a high polish. Comes in nine beautiful colors. Easy to apply. Pee-Gee Floor Wax for hardwood floors. Pee-Gee Crack Filler for filling cracks.

**Furniture and Cabinet Work** Should be rubbed lightly with fine pumice and water to remove spots or grease adhering—then varnished with a high-grade Cabinet Varnish such as our IMPERIAL PRESERVATIVE. Don't use common furniture varnish or you will ruin your surface. In case a dull, rubbed effect is wanted, use our Falk's Flat Finish. One coat suffices.

**Re-Staining Furniture** Original finish can be restored or new finish (Oak, Mahogany, Cherry, etc.) obtained by use of FIX-ALL—the perfect varnish stain. Stains and varnishes in one operation. Simple and easy to use. If Mission Finish is desired use Pee-Gee DYSTAIN.

**Removing Old Paint** Pee-Gee No. 23 Varnish Remover will take off old paint or varnish down to the bare wood where work is in condition to require this.

**Kitchen Floors** Can be painted with ADAMANT FLOOR PAINT. Dries over night with a hard, tile-like surface. Try our Yellow or Drab—neither shows the dirt readily.

**Pantry Shelves** Should be made sanitary and easy to clean by painting them with BLUE RIBBON FAMILY PAINTS. Lightens, brightens and makes cheerful.

**Wicker Chairs** Enamel white with Pee-Gee CHINA ENAMEL—or stain a pretty mission color with Pee-Gee DYSTAIN.

**Porch Chairs and Swings** Pee-Gee CAR-RIAGE PAINT is best; 11 colors to select from.

**Bathroom** A wonderful improvement can be made by using Pee-Gee CHINA ENAMEL. Resembles a white tile finish—hard and glossy.

**Radiators** Pee-Gee ALUMINUM ENAMEL or GOLD-LAK will not tarnish.

**Chandeliers and Grate Fronts** EGYPTIAN BLACK ENAMEL—BERLIN BLACK (wrought iron finish) or the Gold and Aluminum Enamel mentioned above, are suitable.

Of Order of Redmen at Maysville Next Saturday

Council Fires to Burn and Peace Pipe Smoked

Elaborate preparations are being made by Wyandotte Tribe, I. O. R. M., to entertain the district meeting of the Great Council on next Saturday afternoon and evening. Representatives from about forty tribes will be present. Wyandotte's degree team is rehearsing every night preparatory to exemplifying the degree before the great chiefs and visiting redekians.

The following program will be carried out:

2 p. m.—Public meeting, to which all are invited, both palefaces and members. This meeting will take place either at the Courthouse or in the wigwam. There will be an address of welcome by a local speaker and response by Great Sachem Robert T. Crowe of Lagrange, Ky. This will be followed with an address by a Great Council speaker.

4 p. m.—A meeting for the Chief of Records of all tribes, to be presided over by Great Chief of Records J. M. Holstner of Louisville.

7 p. m.—Kindling of Great Council fire for the purpose of conferring the Great Council Degree on such Past Sachems as may present their credentials.

7:30 p. m.—Kindling of council fire of Wyandotte Tribe for the purpose of conferring degrees and the exemplification of the unwritten work by the Great Council Exemplifier.

Wyandotte Tribe will have a paleface to give all the degrees. Any other tribe having candidates for the warriors or chiefs degrees may have the work given to them at this meeting. Wyandotte Tribe has a reputation for doing things in the most appropriate style. With a membership of over 200 and a full wampum belt, the tribe stands foremost among the city's secret orders.

These district meetings are held for the purpose of showing the public what a splendid thing Redmanship is, as well as to give a greater number of members the privilege of meeting the Great Council officers. It is expected that every member of Wyandotte Tribe will be present at these meetings.
